Dear Home Secretary,

LIFT THE BAN

Are you looking for a policy which ticks these boxes?

- ☑ Lifts people out of poverty
- ☑ Benefits the economy and society
- ☑ Is popular with the public
- ☑ Enjoys cross-party support
- ☑ Improves people's well-being

LOOK NO FURTHER!

You can achieve all of these things if you lift the ban which currently prevents people seeking asylum from working to support themselves and their families. We're calling on you to lead the way in implementing this common-sense reform.

Here's why this issue matters to me:
